### **CERTIFICATE OF MEMBERSHIP IN THE REGENERATIVE VITICULTURE ASSOCIATION**

Hereby, the Regenerative Viticulture Association certifies that **Viña Santa Ema** is an active member of our association and has demonstrated a continuous commitment to implementing regenerative viticulture practices.

Santa Ema Wineries has been associated with us since October 15, 2022. During this time, they have actively participated in training activities, knowledge exchange, and events organized by our association, aimed at promoting and adopting regenerative practices in viticulture.

Although Santa Ema Wineries does not yet have a formal certification in regenerative viticulture, their participation in our association and their efforts to adopt and apply regenerative practices in their viticultural operations are evidence of their commitment to sustainability and continuous improvement of the environmental management of their operations.

We recognize the effort of Santa Ema Wineries and their team for their dedication to the improvement of the viticultural ecosystem and their active role in promoting a more sustainable and regenerative approach in the industry.

This document is issued as recognition of Santa Ema Wineries' initiative and participation in our community and may be presented to clients and stakeholders as evidence of their commitment to regenerative viticulture.

For any verification or additional information, please do not hesitate to contact us.

Sincerely,

**Montse Catasús Asenjo**

Secretary of the Regenerative Viticulture
